HL: 305d 7879 +25 3.58

Sire : Rivelino 344

Dam : Kate 302

HL: 305d 9113 +44 3.57

A great looking bull from the highest yielding Friesian herd in Holland. The dam is by far the best cow in this herd and we are expecting great things from this outcross sire both for production as well as type.

### Arkemheen 92 Lozeman

Born 02.02.03

**ALZ**

100 % Friesian

#### Pedigree

Sire : Arkemheen 82

2	305	4445	+50	3.91
3	305	7145	+29	3.57

Sire : Arkemheen 73

Dam : Sofie 82

HL: 305d 8414 +28 3.42

Sire : Arkemheen 47

Dam : Els 36

HL: 305d 7717 +04 3.29

A great looking bull with a tremendous strength and width. Combining different cow families, going back to the early 20th century. Years of selection for production, longevity and fertility.

### Arkemheen 97 Bertus

Born

**ABU**

100 % Friesian

#### Pedigree

Sire : Newfailand Mr Frosty

Dam : Hillie 66

1 lact	305d	7140	+08	3.49

3	305	7924	+07	3.53

Sire : Horwood Janol

Dam : Failand Snowy 6

HL: 305d 11377 3.97 3.39

Sire : Arkemheen 49

Dam : Hillie 40

HL: 305d 7744 +44 3.58

Re-introducing the British Friesian bull Frosty with the old Bertus line from Holland to get another total outcross bull. This is the combination of a high milk bull with a very deep cow family producing milk with high percentages.

### Dovea Aris

Born 03.08.04

**AIS**

100 % Friesian

#### Pedigree

Sire : De Vennen Hans

Dam : Jet 97

1 lact	305d	4288	+54	3.55
2	305	7482	+47	3.71
3	305	7274	+74	3.74
4	305	8024	+84	3.57
5	305	8704	+87	3.40
6	305	7534	+87	3.42

Sire : De Vennen Anne

Dam : Jitske 103

HL: 305d 9284 +14 3.45

Sire : Falko 8

Dam : Jet 72

HL: 305d 7021 5.32 3.78

Aris is the product of two great cow families, the Jitskes and the Jets. This mix should give this bull all that is necessary to be a real prospect for the future. A type and production package.

## Test Bulls for 2006

### De Vennen Egbert

7	305	8704	+90	3.30

Sire : De Vennen Anne

Dam : Jitske 103

HL: 3054 9284 +14 3.45

Sire : Kl Synaeda M1

Dam : Greta 25

HL: 3054 5214 5.51 3.41

The last bull available from one of the best cows ever: Greta 39. With his half brother GIZ, having first lactation daughters now, we are really looking forward to this combination of the Greta and Jitske bloodlines.

### Rivelino 458

Bom 21.11.04

**RVO**

100 % Friesian

#### Pedigree

Sire : Rivelino 420

Dam : Kate 426

1 lact	3054	8044	+41	3.97

Sire : Rivelino 344

Dam : Kate 302

HL: 3054 9113 +44 3.57

A very milky looking bull with lots of quality and size. The same dam as Rivelino 430 and therefore producing another outcross bull for our stud. The dam produced nearly 10 tonnes in every lactation with over 3.5 % protein.

### Dovea Paulus

Bom 25.12.04

**PLU**

100 % Friesian

#### Pedigree

Sire : Urne's Andre

Dam : Hendrika 443

2 lact	3054	4358	3.41	3.70
3	305	8184	+42	3.70
4	305	9911	+27	3.51
5	305	9074	3.99	3.44
6	305	8944	+17	3.54
7	305	8239	+11	3.53
8	305	7445	+15	3.40
9	305	4449	+39	3.44
10	305	4441	+27	3.54

Sire : Noordlander 57

Dam : Urne's Adrie

HL: 3054 8344 +88 3.47

Sire : Jupiter 161

Dam : Hendrika 392

HL: 3054 7598 +19 3.41

From the same dam as last year's test bull AFS. Just a different sire in Urne's Andre, not used before by us. He is leaving daughters with good type, enough milk and excellent percentages.
